

# WELCOME TO PATSY'S WINE LIST

## ETHOS

*The ethos of Patsy's list is to range wines from producers who internalise the environmental costs of production through sustainable agriculture. Preference is given to no-till / minimal till / organic viticultural practices. These are useful definitions which provide guidelines & measurements for on-farm in-put methods, fair work conditions & remuneration.*

*They indicate an approach to farming that views the relationship between farmer, community & land as custodial.*

*Everything you can drink at Patsy's is vegan, with a few exceptions of traditional wines which utilise bees wax sourced from on farm hives. These wines have notes in the comments...*

*Wines by the glass have their origins in the traditional regions or style from which the kitchen draws inspiration.*

## COFFEE

We offer a single origin coffee an individual French Press containing two cups each. The style is a very light & refined drink.

*Today's coffee is from*

**Chicos Buenos**, Honduras, Pacas & Catuai, Washed 6

*Chicos Buenos is a community blend that Proud Mary created with their producers in Santa Barbara so they could take more of their coffee. Because this coffee is a blend of several different lots, it scores higher than any of the individual components. It truly is more than the sum of its parts. Chicos Buenos brings the fruit to the Angel Wings blend but also makes a great stand-alone brew. For the 2022 harvest, the producers who contributed to this blend are Balbina Sabillon, Nahun Fernandez, Ovidio Gomez, & Manuel Vallecillo.*
